# Outreach Opportunities

## Seminars are at the heart of our ministry.

## A ministry for you

I gave my first seminar on Mormonism in 1980. It was held in the ugliest building in Idaho Falls—a warehouse with no carpets, rain puddles on the floor, and metal chairs that made ear-piercing noise when anyone moved them on the floor. It was the home of our newly organized church. I ran an add in the newspaper and lots of people came out. It was a rough and tumble experience, but I know at least one person met the Lord. Since then, I have done hundreds of such meetings.

My last three or four such meetings simply have been rewraps of what I did in that first meeting twenty years ago. There is only so much you can say about Mormonism. It is not just the *information* that rescues people, it is the *contact*. My friend, Pastor Tony Maupin (who succeeded me at the church I pioneered in Idaho Falls back then) says, “God is more interested in delivering a preacher to people than He is in delivering a sermon to them. So true.

This summer I ministered in Emmett Idaho on two occasions. We has several churches come together to address the issue: “Why Mormonism is not Christian and Why it’s OK to Say that.” The pastors involved in those meetings said the were among the best joint meetings they have ever had in Emmett.

I am ready to go anywhere I am invited if I can get a church or churches to invite me. Invariably, whenever I go, people find Christ. Praise the Lord. Consider asking your pastor to invite me to come and do a meeting or a series of meetings in your church.

One of the things *Through the Maze* does is to send literature to open-minded seekers. I receive requests by mail, telephone, and email from people who are seeking answers to spiritual questions. We never charge Mormons (or other non-Christians) for literature. We give it freely. We only ask that people read the material we give them. If someone requests free information, we are glad to provide it. But we do not normally send a large quantity to them. We usually send a book or a tape. And with that item we offer to send them something else.

Years ago we had a program that was quite successful. We asked the friends of *Through the Maze* to run ads in their local newspapers telling people they could get free material from us. I even tracked the number and location of the responses we got. Somehow, I got away from doing that. Isn’t it funny how we often drift away from things that actually work!

At any rate, I want to restart that program. This is your opportunity to get directly involved in outreach. Below are several ads you can run locally. I do ask that you run them as they are. **Please don’t revise them. I have to be able to stand behind the statements we make.**

You can run them either as classified or as “display” ads. I’ll leave that up to you. I know you will be blessed.

# A Ministry Opportunity for You

Many of you have commented on my tract "The Disappointment of B. H. Roberts" and have ordered it to give to Latter-day Saints. Here is a way for you to get this tract into additional Mormon hands.

Simply cut out one of these ads and take it to the "display" advertising department of your local paper. You need to be aware that the cost of the large ad may be as much as \$100.00 I will then send the tract to everyone who writes for it. They will also have the opportunity to receive my newsletter and other information. Latter-day Saints are more open than ever before. This is the moment to get good information into their hands. Help me by acting now!

## The Book of Mormon: Another Witness for Christ?

The Church of Jesus Christ of Latter-day Saints (The Mormons) presents the Book of Mormon as "Another Testament of Jesus Christ." The Church says the book is a history of Jews who migrated to North America 600 years before Christ. However, nearly every archaeologist thinks the Book of Mormon is fiction. If that is true, the book is not "Another Testament of Jesus Christ," but rather "A Testament of Another Jesus Christ." There is a vast difference.

B. H. Roberts—a Mormon General Authority and scholar—discovered that the Book of Mormon is *not* divine. For a copy of the pamphlet, "The Disappointment of B. H. Roberts," write us. There is no obligation. No one will call on you. Your name will be kept confidential.

## Another Testament of Jesus Christ?

The Church of Jesus Christ of Latter-day Saints (The Mormons) is built upon the Book of Mormon. The Church claims the Book of Mormon is the history of an ancient people who lived on the North American continent from 600 BC until 400 AD. These people supposedly divided into two warring factions and destroyed all but a tiny remnant who became the American Indians.

The Mormon Church claims Jesus Christ visited these people before he ascended into heaven. The Book of Mormon is thus presented as "Another Testament of Jesus Christ." However, nearly every archaeologist thinks the Book of Mormon is fiction. If that is true, the book really is not "Another Testament of Jesus Christ," but rather "A Testament of Another Jesus Christ." There is a vast difference.

One devout Mormon leader changed his mind about the Book of Mormon. B. H. Roberts was a Mormon General Authority who had written volumes in defense of Mormonism and the Book of Mormon. His work is still highly regarded within the Mormon Church. However, few people realize that B. H. Roberts eventually came to believe the Book of Mormon is *not* divine.

Roberts came to that conclusion when he investigated five questions asked by a sincere investigator of Mormonism. Those five questions and the resulting study by B. H. Roberts are the elements of the remarkable story of an honest-hearted Latter-day Saint who had to face facts which were unpleasant to him. However, the truth is its own defense.
